

Natural Asset Management Advanced Training

Registration Form

This series is designed for local governments that have already made some progress on natural asset management and understand the basic concepts of asset management and natural asset management. Up to three participants (Local Government Employee, Elected Official, Other Eligible) from a local government may register to attend each workshop. A maximum of 45 participants will be able to attend each workshop.

Workshop 1: How to Integrate Climate Considerations into Natural Asset Management

Date: **Wednesday, February 1, 2023** Time: **1:00 pm. – 3:30 p.m. ET**

By the end of this workshop, participants will be able to:

- 1/ Explain how climate change hazards could impact infrastructure and infrastructure services in their region of the country.
- 2/ Identify how their local government is already addressing climate risks to natural assets and related services.
- 3/ Identify opportunities to improve the climate resilience of natural infrastructure during the assessment, planning, and implementation stages of asset management, with examples of what some local governments are already doing.
- 4/ Identify natural asset management actions that may be necessary to address climate change-related hazards to municipal infrastructure assets.

Workshop 2: How to Develop Levels of Service for Natural Assets

Date: **Wednesday, February 15, 2023** Time: **1:00 p.m. – 3:30 p.m. ET**

By the end of this workshop, participants will be able to:

- 1/ Explain the concept of levels of service to a colleague.
- 2/ List 5 unique considerations when developing levels of service for natural assets.
- 3/ Provide examples of corporate, community (also referred to as customer) and technical levels of service for natural assets.
- 4/ Identify some entry points for their local government to get started.

Workshop 3: Implementing Natural Asset Management: Solutions to Consider

Date: **Wednesday, March 1, 2023** Time: **1:00 – 3:30 p.m. ET**

By the end of this workshop, participants will be able to:

- 1/ Identify key natural asset management activities that municipalities can consider including in their asset management plans (or budgets and capital investment plans). This is known as the implementation stage of natural asset management.
- 2/ Describe examples of good practices local governments are undertaking to implement natural asset management in their communities.
- 3/ Describe some natural asset management activities already occurring in their local government.
- 4/ Identify potential natural asset management activities their local government may wish to explore following the workshop.

Workshop Pricing

Full series: **\$299 + applicable taxes.** Includes up to 3 participants per local government.
Two workshops: **\$250 + applicable taxes.** Includes up to 3 participants per local government.
One workshop: **\$150 + applicable taxes.** Includes up to 3 participants per local government.

Registration Information

ORGANIZATION

PROVINCE

Participant Information

Who will benefit from attending these workshops:

- Local government employees (town, cities, regions, districts)
- Local government employees may include a local elected official who is a champion of natural asset management
- Other eligible participants include individuals employed by a not-for-profit corporation that has an infrastructure-related shared services agreement with a Local Government (e.g. utilities, transit authorities, conservation authorities, etc.). Individuals employed by an Indigenous community that has a shared services agreement with a neighbouring municipality, or elected officials from that Indigenous community

Note: Please include the total number of participants you will be registering below so MNAI can track overall numbers of participants registered for each workshop. You may identify specific participants from your organization closer to the date of the workshop if you have yet to confirm who will be attending. All participants will receive a password protected link to join the workshop(s) they have registered for prior to the event.
